The CMP Rimfire Sporter shooting sports discipline is relatively new, but it is growing quickly because it is affordable, accessible and enjoyable. The leading Rimfire Sporter attributes are:

- Rimfire Sporter is a game for shooting enthusiasts of all ages from ten to 70 or 80 and even beyond.
 - Rimfire Sporter is open to all competitors regardless of age, sex or previous experience.
 - Rimfire Sporter tests a variety of marksmanship skills by offering precision (slow-fire) and rapid-fire shooting in three different firing positions (prone, sitting and standing).
 - The Rimfire Sporter course of fire can be completed by beginning competitors, yet it is still challenging for the best competitors.
 - Rimfire Sporter equipment costs less than any other shooting sports discipline.
 - Rimfire Sporter lets gun owners compete with .22 cal. sporter rifles they already own; there is no need to buy expensive new equipment.
 - Rimfire Sporter rules prevent expensive, tricked-up rifles from being used and turning the game into an equipment race.
 - Rimfire Sporter shooting ranges do not require special targets or equipment; any 50-yard outdoor range can quickly be set up for Rimfire Sporter shooting.
 - Rimfire Sporter can also be shot on indoor 50-foot ranges.
 - Rimfire Sporter is one of the fastest growing shooting sports disciplines in the USA.
 - The National Rimfire Sporter Championship is now the biggest smallbore rifle championship in the USA.
- Rimfire Sporter shooting is becoming more and more popular with junior and adult shooters because it's fun, easy to learn and does not require a lot of expensive, complicated equipment. Rimfire Sporter is a perfect shooting sports activity for families. Fathers and daughters, mothers and sons can all enjoy shooting this game together.
- Rimfire Sporter shooting is fun, it's accessible and it stresses practical marksmanship skills with commonly owned .22 cal. rimfire rifles.
