

Nlfg Trap Range Fall Schedule

The trap range will be open Wednesday October 12th. Shooting starts at 5:00 PM and closing at dusk. Weather permitting. This will be the last Wednesday evening shoot of the season.

The trap range will be open on Sundays starting October 16th at noon weather permitting.

Target pricing. As we all know the price of oil and gas has skyrocketed in recent months. Due to this situation White Flyer has had to increase target prices and the cost of transportation has risen dramatically. By using volunteer help to run the range the Club is doing its best to hold target pricing down. The target prices will be as follows;

\$6.00 For 25 target round.

Youth under the age of 18 years \$5.00 per 25 target round.

All purchases will be cash or check at the present time. No credit or debit cards.

Previously purchased punch cards or tokens will be honored and accepted.

Be sure to bring your own ammo. Due to the ammunition shortage we are unable to sell shells at this time.

Hoping to see you all at the range.
