

MINUTES OF NORTH LAWRENCE FISH & GAME RETIREES CLUB

NOVEMBER 3, 2022

The Nov. 3rd, 2022 meeting of the North Lawrence Fish & Game Retirees Club was called to order by Chaplain Gary Kreider with the Pledge of Allegiance and an opening prayer to 21 members. President Jeff Barnhart called on Frank Burket.

Frank made the new tractor available to be seen by the membership and described its purchase, use and future attachments. Also, it was mentioned the new maintenance building's roof replacement. The gas line will be operational in December.

Ed spoke on range safety. There are at the pistol range individuals who are violating safe firearm rules. The discussion was also to stop providing plastic target holders. Shooters can provide their own.

Today's show and tell was fishing rods with a story. Next month's show and tell is your worst weapon. All finances are good and discussion of the 2003 assessment too place.

Members are encouraged to get their dues in early and an upgraded 2023 renewal form is available from the clubhouse or online.

This temporary secretary would like to comment, "We are one shot away from losing the shooting privileges we take for granted." Every member should be grateful for those members who volunteer to make range safety priority one. Next meeting is Thursday, Dec. 1, 2022 at 10:00 A.M.

Minutes recorded by Temporary Secretary, Garland Parsons
